The Honorable Rep. Aaron Michlewitz
Chair, House Committee on Ways and Means

The Honorable Rep. Claire D. Cronin
Chair, Joint Committee on the Judiciary

Re: Testimony in Support of Police Accountability -- Use of Force Standards, Qualified Immunity Reform, and Prohibitions on Face Surveillance

Dear Chairs Michlewitz and Cronin,

On behalf of the Allston Brighton Health Collaborative, I write in strong support of the many provisions in S.2820 designed to increase police accountability.

In particular, I urge you to:

1. Adopt strict limits on police use of force,
2. End qualified immunity, because it shields police from accountability and denies victims of police violence their day in court, and
3. Prohibit government use of face surveillance technology, which threatens core civil liberties and racial justice.

The Allston Brighton Health Collaborative is a collaboration of organizations devoted to working together to promote and improve the health and wellbeing of the communities of Allston and Brighton. This includes working for all persons to feel safe and protected in our community.

Our Commonwealth must do our part to address police violence and abuses, stop the disparate policing of and brutality against communities of color and Black people in particular, and hold police accountable for civil rights violations. These changes are essential for the health and safety of our all of our communities and residents.

Massachusetts must establish strong standards limiting excessive force by police. When police interact with civilians, they should only use force when it is absolutely necessary, after attempting to de-escalate, when all other options have been exhausted. Police must use force that is proportional to the situation, and the minimum amount required to accomplish a lawful purpose. And several tactics commonly associated with death or

serious injury, including the use of chokeholds, tear gas, rubber bullets, and no-knock warrants should be outlawed entirely.

Of critical and urgent importance: Massachusetts must abolish the dangerous doctrine of qualified immunity because it shields police from being held accountable to their victims. Limits on use of force are meaningless unless they are enforceable. **Yet today, qualified immunity protects police even when they blatantly and seriously violate people's civil rights, including by excessive use of force resulting in permanent injury or even death.** It denies victims of police violence their day in court. Ending or reforming qualified immunity is the most important police accountability measure in S2820. Maintaining Qualified Immunity ensures that Black Lives Don't Matter. We urge you to end immunity in order to end impunity.

Finally, we urge the House to prevent the expansion of police powers and budgets by prohibiting government entities, including police, from using face surveillance technologies. Specifically, we ask that you include H.1538 in your omnibus bill. Face surveillance technologies have serious racial bias flaws built into their systems. There are increasing numbers of cases in which Black people are wrongfully arrested due to errors with these technologies (as well as sloppy police work). We should not allow police in Massachusetts to use technology that supercharges racial bias and expands police powers to surveil everyone, every day and everywhere we go.

There is broad consensus that we must act swiftly and boldly to address police violence, strengthen accountability, and advance racial justice. We urge you to pass the strongest possible legislation without delay, and to ensure that it is signed into law this session.

Sincerely,

A handwritten signature in black ink, appearing to read 'Anna Leslie', with a stylized, flowing script.
